Hi Sterg –

I haven't forgotten your request for the Powder Mill comments. We are formatting them now and should be able to send you a completed document by the end of the week. Sorry for the delay!

Danielle

Will do Sterg.

The comments are part of the Administrative Record for the permit and are public information. I don't see why we couldn't make pdfs of the comments available to the public once we get a handle on them, but Damien can weigh in if he feels differently. We may be able to add them as a single pdf to the existing NPDES website but I can check on that.

Danielle

Send them all when collated, thank you Danielle.

Btw, after I sent the message this morning, Dave came by on his own and said that someone is asking about seeing the comments. Are the comments themselves, public information once you have them collated? Thanks. ~Sterg

Hi Sterg –

We are working with our intern on collating the comments we received on Powder Mill into a single document. We expect that this document will be prepared by the end of next week. Would you like us to send the collated document when its prepared or would you like me to forward the individual emails with all of the comments we received? I can do either but it may be easier for you all to have all of the comments in a single document.

Let me know your preference.

Thanks!  
Danielle

**Subject:** PMFH Comments and Response to Comments

Good morning Danielle & Damien,

Please send me whatever comments you have received on the PMFH draft permit and fact sheet.  
Thanks. ~Sterg
